JACKSON CITY ITEMS

Local Happenings About Amador's County Seat

Judge Frick, one of the ablest criminal lawyers in the state, came up from the city Sunday last to conduct the defense in the assault cases now on trial in the superior court which commenced last Monday. He certainly fully sustains the reputation he has gained.

PRISONERS GET HEARING

Men Accused of Murder Taken to Drytown and Examined

Sheriff Gregory and Frank Sanguinetti, the latter as a deputy, took Giacomo Sampo, George Sampo, his brother, and Stefano Conti, for a preliminary hearing before Justice Blower at Drytown on a charge of murdering Stefano Pistone of that town.

P. Farico, an uncle of Pistone, testified that the deceased had been in the country about one year, and that he met his death some time on the night of November 20th.

Miss Eva Cavallero, a daughter of the proprietor of the boarding house in which the fracas took place, said she was dancing with Stefano Pistone when Giacomo Sampo came in and started to abuse her. Mrs Cavallero, informed the big miner that he must keep orderly or get out.

This angered Giacomo, who deliberately punched Pistone, and then struck the landlady over the head with a chair.

Dr. E. E. Endicott testified that at the autopsy, which he held assisted by Dr. A. P. Griffin, he found a number of blood clots pressing on the brain. He said the skull was also badly fractured on the same side.

The fracture in the opinion of the doctor, was caused by a blunt instrument, and death was due to cerebral hemorrhage.

George Callandri, who resides near where the trouble occurred, testified as an eye witness of the fight. He told of the deceased's plea for mercy, and said that while Conti held Pistone, Sampo beat him over the head with a rock.

After hearing other witnesses, the justice bound the three prisoners to answer without bail. Giacomo Sampo and Stefano were held as murderers of Pistone, and George Sampo was held on a charge of attempt to commit murder upon Mrs Cavallero, wife of the proprietor of the place in which the trouble started.

HIGH SCHOOL MASS MEETING

Plans To Help Jackson Secure the School Discussed

A mass meeting of citizens was called to order on Monday evening last, for the purpose of discussing ways and means whereby Jackson could offset the efforts and struggles waged by the citizens of Sutter Creek for the selection of a certain location for the county high school which has been granted at the recent election.

The band assembled on the court house steps at 7:30 p. m., and struck up several selections which drew a number of citizens into the vicinity of the courthouse and when the meeting was called to order at 8 p. m. by George Brown, the superior court room was well filled with the leading citizens of Jackson.

Dr. J. F. Wilson was nominated and elected temporary and permanent chairman of the organization, which was being established, and Jas. J. Wright was elected as the secretary.

After the meeting was organized, Richard Webb suggested that a Union high school be considered with a view of passing up the county high school proposition, advancing as his reasons for the suggestion, the fact that in that manner of procedure the town would positively be assured of such an institution of learning, whereas, if a contest be waged between the two towns which are now antagonistic, it would mean bitter hostility, and in the event of Sutter Creek securing the location, Jackson would suffer the inconvenience of sending her scholars to that town, and be compelled as well to pay a tax that would materially not benefit the city property one dollar.

He then suggested that a committee on the general question of whether a county or union district is advisable for Jackson under the circumstances, and particularly to look into the legal aspect of the matter, touching the question of whether or not the people of Jackson district could be held for the support of the county high school as well:

Ernest Spagnoli, C. W. Caldwell, Dr. Schacht, Dr. Gall, Dr. Endicott were appointed on the committee which had a stormy debate as to the general duties which it was to perform. A motion was then made by C. P. Vicini to appoint permanent committee of eleven on ways and means to select a temporary and permanent location for the proposed high school. The committee named are:

Geo. W. Brown, Dr. E. E. Endicott, Wm. F. Detert, Benj. F. Taylor, Dr. A. M. Gall, Alfonse Ginocchio, Chas. F. Culbert, Mrs C. P. Vicini, Mrs E. E. Endiott, Mrs B. F. Taylor, Mrs Chris Marelia.

The chairman then asked for some suggestion as to a name which might be given the organization just formed.

Among other suggestions the name of "Mutual High School Club of Jackson" was suggested and adopted by a unanimous vote.

It was then carried by vote that the committee appointed meet every Monday evening to discuss plans of procedure in carrying on the campaign for securing the site of the proposed high school in the city of Jackson.

Dr. E. Endicott then made a motion which was carried appointing a permanent committee on order of business and by laws, consisting of three members. Those appointed were Dr. Schacht, R. I. Kerr and Chas. P. Vicini. No further business to transact, the meeting adjourned.

THE DELUCCHI ASSAULT CASE

Jurors Drawn, and Trial Is Progressing Rapidly

The trial of John Delucchi, charged with assault with a deadly weapon with intent to murder Manuel Lopaz in Amador City on the 29th of August last, was commenced in the superior court on Monday last. The district attorney represented the prosecution, and Joseph Frick of Oakland appeared as counsel for the defendant. W. Duden of Sacramento was the official reporter.

It was in the afternoon of Tuesday that the jury of twelve was compelled, the entire panel of 40 names being exhausted with the exception of two or three names before the full list of jurymen, acceptable to both sides, was secured. The number of peremptory challenges was exhausted by both prosecution and defendants. The jurymen sworn to try the case was as follows: George Murphy, F. B. Joyce, W. H. Prouty, Jerome Guisto, E. Merkel, Ben Isaacs, J. H. Heffren, H. Toop, S. W. Jones, T. Lema, Peter Labodie, Wm. J. Nettle, jr.

The jurors were subjected to as keen and searching an examination touching their qualifications by the attorney for the defense as was even witnessed in the courts of Amador county.

The first witness was Manuel Lopez, the complainant. He testified that of on the 29th of August last, in going toward the store of Chichizola he met the defendant near the corner of the Amador hotel; both were on the sidewalk. Defendant talked first and said, "you— — —, you no give me $10 for job." Defendant punched him back with his fist, and he slapped him on the face and knocked him down. J. M. Coffman came out of the hotel, and kicked him on the left side. Thereafter defendant and Coffman went into the hotel. Witness went across the street toward the livery stable, and went he got 40 feet or so from the hotel, some one called out: "Look out, the man has got a pistol." He turned round, and defendant drew a pistol, calling him a bad name, and saying, "I fight you now." He caught hold of the pistol with both hands, and struggled for twenty minutes before he could take it away from him. The hammer came down on his finger during this struggle, the mark caused thereby could be seen at present time. Defendant was striking him in the face with one hand, and also trying to bite him while the trissle was in progress. He bit him over the chin. After taking the pistol away he turned partly round and handed it, with the butt end, to a bystander.

In cross examination he said he was now living in Jamestown, before that he worked at Campo Seco; before that he was in Amador City for six months.

He was a miner; worked at the Original Amador mine 13 days, under Delucchi, defendant, who was shift boss. He left on the 27th of August, and was laid off on the 29th, the day of the trouble. The fight with Delucchi took place between 4 and 5 o'clock in the afternoon. The pistol was a 35 caliber 6 shooter, single action. It was loaded with 5 cartridges at the time. Defendant in scuffle, said "Leave me have my pistol, I want to kill you," and repeated it about 25 times. Witness said nothing, but was working to get the weapon. After the pistol was taken from him, defendant picked up a rock. Coffman took a pistol out of his own pocket at this time and said, "Do you see that?" Witness took the rock away from defendant also. Never had any trouble with defendant before, never inquired for him at the hotel on that day; did not look for him at the mine; did not indulge in threats to any one concerning him. Did not offer to fix it for $100.

He said the reason he quit work was that two days before the 27th he laid off for two shifts, on the morning of the 29th he told Delucchi that he would be at work that night. Delucchi told him he had another man in his place. Still he showed up for work that night, and was sent to work in the 500 level, on that occasion was called bad names by defendant and quit finally. Never was friendly with Delucchi and felt mad toward him at present.

J. M. Fancher testified to recieving the pistol from Lopez, after the later had wrested it from the hands of Delucchi.

John Hoskins testified that he saw the men in a fight ont he porch of the Amador hotel. Both men were on the floor of the porch when he saw them, and Coffman appeared and made a kick. All three were on the porch at this time. Delucchi had hold of the porch post, and kicked, saw Lopez grab at his foot at this time.

A uumber of other minor witnesses were examined. The prosection will finish to-day. The case is not likely to go to the jury until next week.

Church Repaired

The Methodist church has received a new roof and other necessary exterior repairs needed in preserving the interior of the structure from further delapidation. The church was neglected and allowed to run down in a most shameful manner. Strips of wall paper on the ceiling were loosened and dangled from the center, ready to drop at any time. This has all been temporary repaired and permanent repairs to the interior will be forthcoming as soon as sufficient funds can be raised to warrant the undertaking of the work.

Rev. Duncan has thus far secured subscriptions and cash amounting to considerable over $200, and this money will all be used in paying for the exterior repairs, which will cost about $500.

A new piano will also be installed in the near future, and a collection of $50 will be raised for the purchase of the same.

LOCAL SHOW VERY GOOD

Audience Well Pleased With Performance of Amateurs

The show given in Love's hall last Saturday evening, by local talent, entitled, "The Honor of a Cowboy," proved quite a hit, and was enjoyed by a large audience.

While many in the cast were making their debut before the footlights, we can frankly say the play was well carried throughout, and deserved all the praise it received.

The plot was laid in the mountains of Montana, and carried with it a pretty love romance, a cowboy's honor, and a death scene, which was cleverly brought out by Zeph Dal Porto, and Miss Mayme Scapuzzi.

L. J. Craddock took the part of a frontier judge, and it was his happy lot to fall deeply in love with a beautiful widow, named Mrs Susan Trevelyn, who belonged to New York's exclusive set, and who was visiting at a summer resort in the mountains. Miss Hilda Sanguinetti took the role of the charming widow, and although she is but a girl in her teens, her personality and costume were commented upon by many in the audience. The judge won his prize in the last act.

Wm. G. Snyder, was the sheriff who loved to shoot h— out of things, and his role as sheriff Jenkins, was as well filled in the love scene, as it was in his capturing the den of robbers. Miss Inez Tam, as Lucy Arbuckle was captivated by the sheriff's brave acts and his pretty features, and the last act also wound up with their nuptials.

Roy B. Skelley, as Missouri Smith, played his part exceptionally good. His character as a German American, brought fourth much laughter and mirth.

Wm. Penry had a good makeup, and acted his part very efficiently. Wm. Schroeder as Jim Selby, was probably the most typical cowpuncher that ever acted on that platform. He had a long interesting part, and his costume was perfect. Bob Kerr was heap fire water man, named Scar Face, and played his part very well.

George Kirby, Frank Fuller and Chas. Cademartori were other characters, who helped fill in the cast, which was played without a hitch of any kind.

During the acts, Eda Dal Porto sang a Spanish Serenade and, Billie Endicott played a duet from "Lucia." Both were ably rendered and enjoyed.

The proceeds of the entertainment will be used by the local band for improvements in personal property.

MINE NEWS ALONG LODE

Interesting Accounts of Mines Located In Amador Co.

Treasurer

The Treasurer mine will soon be one of the leading industries along the lode if prospects continue, as are the present showings. The shaft is nearly seven hundred feet deep and drifts are cut at various sections along the ledge which is claimed to be of extra good grade rock. Improvements are being made on the surface and all present indications point to a bright future for the mine. A. E. McCurdy is in charge of the plant, and ranks high in the esteem of his fellow mine superintendents, as far as his knowledge of mining is concerned.

Bunker Hill

The Bunker Hill is fast completing her new 20 stamp mill, which when completed, will give that mine 40 stamps dropping on a good pay-rock. The mine has had a very encouraging year of prospecting, and sufficient ore is in sight to run the 40-stamps at their full capacity for an indenfiite period. Work is improving the shaft is also pursued at favorable times, and it is expected to be fully prepared to handle all the ore required, by the time the new mill is ready to commence operations.

Very Important Meeting Tomorrow

A meeting of the Ladies' Improvement Club of Jackson has been arranged for and will be held in the court house on to-morrow afternoon, at 2 o'clock sharp.

Very important business will be brought before the meeting, and it is hoped that all citizens will be able to attend this meeting will do so.

The society has taken an active part in the high school fight and if Jackson loses out on the location proposition, it will be no fault of the Ladies' Improvement Club.

THE CITY BUSINESS STREET.

During the past week scores of loads of mud have been scraped from Main street, Jackson, and hauled away. This represents the accumulation caused by the wear and tear of traffic on this thoroughfare for a period of a few mouths in a distance of about 1200 linear feet of the roadway. To replace this worn-out road material, the street is being re-topped with a thin coating of broken rock hauled from the dump pile of the Anita mine—the main source of supply for material for street repair work in this city for several years past. This present coating consists not of clean rock of uniform size crushed specially for that purpose, but of the finer stuff sorted by human labor from the dump, and mixed with considerable finer slaty material which is practically worthless for such use. Now this hauling on and hauling off is a very costy process when repeated, as it has been for many years past, at intervals of every few months. The city rock breaker, if it ever reaches an active working basis, offers no solution for this trouble, at any rate with the material available, and probably not with any rock material in existence. It may answer for other city streets, where the traffic is not one tithe that of Main street, where a coating of this kind of macadam might continue serviceable for years. It is about time to look around for some more lasting method of fixing Main street. We admit that every form of road-building is subject to wear; it will require repairing to keep it in good condition. But surely a system that fails to get a business street free from slush and mud after any winter shower is a good one to be discarded. Furthermore. it a very expensive one. If the money that has beeu spent on Main street in the last few years in the endless and wholly unsatisfactory on-and-off routine had been expended on a more approved and up-to-date system, we would no doubt have been far along toward possessing a creditable business street. We are a long way from having such now, and it is safe to say we never will see much improvement until there comes a radical change in the mode of construction. Of course, with the means at the command of the trustees the process of improvement must necessarily be gradual and extend over a period of years. Admitting all this, there seems no adequate reason why a beginning should not be made in this direction. Main street furnishes a heavy percentage of the city revenue in property taxes and licenses. With a guarantee of an improved street the property holders and business men would be willing to augment the ordinary funds by voluntary contributions according to frontage owned or occupied to bring about this much needed reform.

COUNTY HIGH SCHOOL,

By the vote of the electors on November 7th last, every portion of Amador county is now committed to the payment of a tax for the support of a high school. There is no escape from this responsibility. The issue that confronts the people to-day is, Where shall the county high school be located? Jackson and Sutter Creek are contestants for this distinction. Jackson is by far the most populous town, and would probably command a larger attendance of pupils than any other location. Sutter Creek is admittedly nearer the populous and geographical center of the county than any other town, and bases its claim for recognition as the proper site on this score. The contest between the two towns if pressed to a determination at the ballot box is big with promise of a hot time in both towns, with a legacy of more or less bitterness after the fight is over, no matter which way it goes. The Ledger believes that the time has come for Jackson to organize for a high school anyway, without awaiting the doubtful issue of an election on the location of the county high school. A school in Sutter Creek would not meet the educational requirements of Jackson one whit better than the present high school in Ione, and vice versa with regard to Sutter Creek and the country tributary thereto. It has been decided by the superior court of Calaveras county that the establishment of a county high school is no bar to the creation of union districts thereafter, and that districts so undertaking the support of a school of their own are exempt from the county high school tax. Is it not the better plan for Jackson, before incurring any moral obligation by a contested election, to move for a home high school. The maintenance will involve a somewhat heavier tax, but to offset this we shall have the certainty of securing needed educational facilities for this part of the county.

Exploration by Comets—A Blood-Stain Detective—Medical Cinematographs—A Promising New Alloy—A New Fuel Possibility—The Greatet Telescope—Banana Cloth—Beet Flour—Tropical Timber.

That comets may serve the astronomer as explorers of unknown space is the conclusion that Prof. Geo. Forbes, F. R. S., finds to have been recently justified. Perturbations of the outer planets caused the existence of an unknown planet to be suspected for a quarter of a century, and a calculation made—inexact as it proved—led to the discovery of Neptune in 1846. Comets may have their orbits changed by the attraction of unknown bodies or may be accelerated or retarded in their movements. Prof. Fenton has noted disturbances of the movements and aphelion position of certain comets, and has decided that there is a yet undiscovered planet, which must be about 105 times as far away from the sun as the earth, and more than three times as far as Neptune. Unexplained disturbances of the outer planets observed by Prof. Todd, the American astronomer, have given curiously similar results. Still more striking confirmation of the view of Prof. Fenton is pointed out in the investigation by Cowell and Crommel in Halley's Comet, which, after being 75 years, brought back information of some retarding influence that delayed the perihelion passage by two days. The assumed position of the hypothetical planet was just right to explain this retarding.

The new serum test for blood brought into a recent criminal trial in England is based on the curious fact that serum from a rabbit or mouse into which human serum has been injected gives a precipitate with human serum, but not with that of the blood of other animals. When first tried in a French court, about five years ago, the test disproved the prisoner's statement that a certain stain was rabbit's blood.

In a recent English medical exhibition, moving pictures were shown of sleeping sickness in a rat, various organisms in the blood of rats and mice, the life-history of the Mexican axolotl from the first movement of the embryo in the egg, and an ex-ray examination of an ulcerated stomach.

In what seems to be its most promising form, the new "stellite" of Elwood Hayes contains about 75 per cent of cobalt and 25 per cent of chromium. In strength and elasticity it is claimed to equal good steel, it is non-magnetic, takes a high polish and has extraordinary resistance to tarnishing, and is very hard, yet not only forges readily at red heat but even in castings—if not too thick—it can be bent cold to a right angle. In color it is between silver and steel. It takes a fine cutting edge—a razor used two years having proven nearly equal to one of steel—and is believed to furnish a superior metal for pocket and table knives and other small cutlery, for surgical, chemical and physical utensils. Experiments have shown that the alloy can be greatly varied by changing the proportions of the constituents or by adding small amounts of other substances. Non-oxidizable modifications so soft as to be easily filed have been produced, and others have been made so hard as readily to scratch glass and even quartz, the hardest being ratner brittle. A mixture of cobalt and chromium with as much as 20 per cent of platinum was found to resist chemical action much less than the alloy with no platinum.

Power stations that do not exhaust their fuel supply have been considered in the peat-using plans of Frank and Caro, German chemists. By their process, peat containing as much as 60 per cent of water can be used on a commercial scale, and power-gas yielding up to 900 horse per hours per long ton of dried peat substance can be obtained the nitrogen up to 85 per cent being utilized as ammonium sulphate. A 4,000 horse-power station is now supplying power to Osnabruck from the peat of Dammer Moor, Hanover. The fuel material to a depth of 10 feet is removed each year from 40 acres, and 800 acres of moorland are expected to give this station a permanent supply, as it is believed the peat can be renewed in 20 years.

The refracting telescope of the Treptow observatory, near Berlin, has the great length of 70 feet, with an object glass of 27 inches in diameter. The equatorial of the Yerkes Observatory, Lake Geneva, Wis., is but 62 feet long, but its 40-inch lens makes it the largest and most powerful refractor in the world.

Cloth has been made from the banana fiber in experiments in China, and the new textile is expected to come into use for summer clothing. Stalks about a year old are used. These are softened by steaming over boiling water, their green outer skin is removed by passing through a machine having two blunt scrapers, and the fibers are freed from moisture and made less adherent by being wrapped in a cloth and pounded with a hammer, after which they are pulled apart and spun into threads for weaving. The process is quite similar to that used for separating ramie fibers. The ultimate fiber of the banana are about 15 inches long and very strong, and the pale yellow cloth is exceedingly tough and promises to be very durable. Made in yard-wide rolls five yards long, the small amount of the cloth so far made has been sold at about $1.25 per yard. A sample was shown at a recent fair near Peking. and has been secured and forwarded to England.

In preparing flour from sugar beets, at the establishment of Alphonse Huillard, a French manufacturer, the roots are first chopped, and most of the 72 per cent of water is removed by evaporation in a special dryer. From 357 pounds of fresh roots 100 pounds of dry material is obtained. This 100 pounds contains more than 70 pounds of sugar and about 82 pounds of nutritive substance. The material is ground, with suitable precautions, and supplies a sweet flour that is a highly efficient food, quite germ-free, and that has great present and pospective usefulness for cakes, sweet bread and other products.

The tropics hold a vast but dimly appreciated reserve of timber. From his investigation of several years, Dr. H. N. Whitford finds that the timber supply of the Philippine Islands is of surprising richness as compared with that of the United States, the 25,000,000 acres of virgin forest in the Islands containing 200,000,000,000 board feet of lumber, while the 200,000,000 acres of forest reserves of the United States have only 400,000,000,000 board feet. That is, the Philippine forests have four times as much wood per acre as those of the temperate regions of America.

Thanksgiving Sermon At Episcopal Church

At St. Augustine's church last Sunday evening, Rev. Shea prefaced his sermon from the text "And Elijah came unto all the people and said, How long halt ye between two opinions; if the Lord be God, follow him, but if Baal, then follow him. But the people answered not a word." That thanksgiving is an institution peculiar to the church, and that while one day is set apart every year for special thanksgiving, still we must not overlook the fact that every service of the church—morning and evening prayers, and especially the service of the altar—the sacrifice of the mass, the encharistic sacrifice, holy communion, or whatever else you may choose to call it—contains a leading note of thanksgiving. Any service to God void of this great essential feature, expresses a wrong interpretation of man's true relationship to God. Thanksgiving and advent most fittingly come together, as they are co-relative in their teaching. Both should be an inspiration for us to look backward over the past year, to seriously consider the blessings received, and our ingratitude to the giver of all good. Both are an incentive and an exortation to prepare fittingly for the future. But the season of advent, I am sorry to say, is little known, so at best not recognized by many professing christian bodies today. Even thanksgiving itself has degenerated into a mere ceremonial observance, in which a heart-touch gratification of the senses predominates.

Baby won't suffer five minutes with croup if you apply Dr. Thomas' Eclectic Oil at once. It acts like magic.

Victim of Drug Habit

Although reputed to be worth about $160,000, Richard Haile, a former brilliant attorney of Dixon, and one of the leading citizens of the community a few years ago, is now dying in San Francisco hospital, after having been given up as a hopeless case by the authorities of Suisun through his addiction to the drug habit. For ten years Haile has used morphine, and recently had become a burden upon the authorities.

Ten years ago Haile is said to have had brilliant prospects, and during his early years of practice as an attorney he was so successful that money invested in real estate brought him large returns.

Haile comes of one of the best families of Solano county. He was a leader of society during his early life. Only a few days ago he was brought to the jail in Suisun suffering from effects of an overdose of morphine, and since that time his life has hung in the balance. It is not believed he will recover from the present attack.—Benicia New Era.

Methodist Services

An appropriate and very interesting thanksgiving sermon was delivered by Rev. J. C. Duncan at the Metnodist church, Jackson, last Sunday evening. The theme of Rev. Duncan's discussion, was upon the gratitude we owe to our neighbor and Creator for the blessings we have received under the existing conditions of affairs.

The clergyman is an able and fearless speaker, and his lecture which at various parts touched the open Sunday evening saloon question, gave his hearers to understand that he would combat the proposition, with a view of having the saloons close their places of business on the Sabbath evening.

The very grave seemed to yawn before Robert Madsen, of West Burlington, Iowa, when, after seven weeks in the hospital, four of the best physicians gave me up. Then was shown the marvelous curative power of Electric Bitters. For, after eight months of frightful suffering from liver trouble and yellow jaundice, getting no help from other remedies or doctors, five bottles of this matchless medicine completely cured him. Its positively guaranteed for stomach, liver or kidney troubles and never disappoints. Only 50 cents at Spagnoli's drug store.

Basis of Confidence

The fact that so many prominent and distinguished business men are patrons of this bank is not in itself perhaps a sufficient reason for your becoming a patron of it until you have investigated and approved the merits of our claims to your confidence, but it is an item of sufficient importance to justify you in making an examination of our claims to merit. The basis of successful banking is capable management, and sound resources which beget public confidence. If we obtain your patronage we want your confidence to come with it.

A Retiary.

A retiary was the name of a Roman gladiator armed in a peculiar way. He was furnished with a trident and net, with no more covering than a short tunic, and with these implements he endeavored to entangle and dispatch his adversary, who was called a secutor (from sequi, to follow) and was armed with a helmet, a shield and a sword. The name of the first is pronounced as if spelled re-shi-a-ry, the accent on the first syllable.

Improving on Euclid.

The Pioneer of Allahabad tells stories of some "kindergarten" classes in the English army. Among the definitions given in an examination is one of a circle peculiarly happy, which gives a freshness to Euclid. It is, "A straight line which starts at a certain point and gets back to the same point as quickly as possible."

Your Chances.

The little chances linger and return, but the great chances come and go and never come again. If we could look back over the lives of the people by whom we are surrounded, how many great and rich opportunities would we see that they have permitted to drift by them unimproved!

A Line on Bjenkyns.

Lawson—What sort of man is Bjenkyns, anyway?

Dawson—Well, his wife always goes with him when he buys a suit of clothes.—Somerville Journal.

MARRIED

LITTLE-UPTON—In Plymouth, November 26, 1910, by Rev. N. Whitcomb, L Ernest Little of Stockton to Dora Upon of Plymouth.

Elope and Get Married

The Call of November 28 gives the following love affair and marriage, which will be of interest to many of our readers. Young Spottswood is a a nephew of Mrs E. H. Harrington and Mrs Jas. Jay Wright of this city:

To avoid any possible danger of parental opposition, Charles Spottiswood, aged 20 years, son of W. J. Spottiswood, a hardware dealer living at 767 Castro street, and Miss Florence Buckignaei, 17 years old, a recent graduate of the convent of Notre Dame, successfully culminated a boy and girl love affair by slipping away to San Rafael last Friday and being married by a justice of the peace. When the legal ceremony was over they returned to their parents, informed them of the step, received the usual forgiveness and yesterday were remarried in the Church of the Holy Redeemer in Collingswood street by Rev. Father J. P. McGuire. They are on their honeymoon trip now.

The two had been neighbors and friends from earliest childhood. After graduating from the convent of Notre Dame the girl began to make preparation to enter the convent of Santa Clara. In the midts tf her preparation young Spottiswood appeared on the scene and renewed the wooing of sdhool days. The parents of neither had the least idea of the romance. The two maintained their old attitude of chums to each other, and their marriage was the first inkling they had of the true state of affairs.

Spottiswoods is in business with his father. The bride is a talented young woman who left Notre Dame with higg honors, whose musical ability is distinctly marked.

AMADOR

Dec. 1—Miss Gerna Meiss returned home Saturday, after spending a few days with relatives in this city.

Mrs Bull and son came home to visit her parents in this town.

Mrs Lawrence White has been quite ill, but has improved the last few days.

Milton Hibbard has returned home from his claim.

Lawrence White had a capsize last night, November 29, when coming home from Jackson with a bus-load of men that were summoned on the Delucchi trial. But very luckily, as it happened, none was hurt.

Miss Edith Dennend is visiting with the Culbert family.

John Steffen and John Nichols were visitors in Sutter Creek Friday.

Mrs Handsen and children have returned to their home in San Francisco.

Chrysanthum.

The Pine Grove Tragedy

James Lowry, who was seriously injured by the unknown maniac, who ran amuck in Pine Grove as detailed in the Ledger last week, has so far recovered as to be out of danger. The trained nurse who has been waiting upon him left last Wednesday, his condition no longer requiring her assistance. He was badly clubbed with a stick of wood about the ear and side of the jaw, but the skull was not fractured. He has recuperated remarkably quick considering his advanced age of over 80 years.

John B. Dietrick, who was shot by the tramp in Webster's saloon just before the attack upon Lowry, is also considered out of danger. He was taken to the county hospital for treatment shortly after the shooting, but was released from that institution on Tuesday, and returned to his home at Pine Grove.

No further light has been thrown upon the identity of the assailant, who was shot and instantly killed by Clarence Berry after the attack upon Lowry. It is still believed that his name was W. Havis, who at one time was a partner with Allen in the sulphurets-saving plant in Jackson creek.

Sam Ginotti, W. A. Graves, Mrs Will Lewis, Antonie Locatelli, Orvalde Pole.

Returned to City

Edwin Trevaskis and his bride, who was Miss Perlee Haas of San Francisco, returned to Jackson, after a delightful honeymoon trip along the coast, which lasted several weeks. The couple were married at the home of the bride in San Francisco.

Mrs Trevaskis spent last season in Jackson, as a milliner for Miss Mary L. Prosser, and while living in this city made the acquaintance of Trevaskis, who was a gallant lover, and this sequel is the culmination of the affair.

The benedict is well liked by a host of friends in this city, who wish him much success in his new adventure. He is employed in the mill at the Kennedy. Mr and Mrs Trevaskis intend to make their future home in Newmanville, where a pretty home is being fitted up.

Died Suddenly

Word reached Jackson Wednesday that Marcus Brown in Ione was suddenly stricken with hemorrhage, and expired before medical assistance could be secured.

The deceased was a tramp and had been in Ione but a few hours when the fatal attack seized him Monday night while at Haller's. Coroner Potter held an inquest, and jury found that death resulted from natural causes.

A report was current that deceased had a large sum of money on deposit in a county bank, but on investigation the sum dwindled down to $200.

Amador Pioneer Dies

DIED.—In the Veteran's Home, San Jose, November 18, 1910, J. C. Harding, aged 66 years 1 month and 9 days.

Deceased was born in Galion, Ohio, October 9, 1844. He came to California with his parents in October, 1853. His father kept a store and hotel in Sutter Creek till September, 1860, when his parents moved to Ione. In 1864, in October, he enlisted in the Union army, but was sent to Arizona to battle with the Indians. He was under Capt. Scott Cooledge, who died a few years back. He remained 21 months in Arizona, and then returned to Amador county, and made his home there. In February, 1870, he went to Galion, Ohio, and in April of that year he was married to Miss Harriet Ketchum, and returned to California, and in June, 1877, he moved to Pine Grove, and has lived in Amador county most of the time since. His wife died in Ione June 27, 1885. On November 11, 1903, he was married to Miss Mary Jones of Burson, Calaveras county, and went back to his old home in PineGrove, and lived there till July, 1909, when he moved with his wife to Burson. His health failing, he sought a home in the Soldiers' Home. He was subject to fainting spells for about three years. On the night of November 18, about 9 o'clock, he fell and struck his head against a pipe, fracturing his skull. He died three hours afterward.

He leaves to mourn his death one daughter, Mrs C. C. Williams, of Victoria, British Columbia, also a wife and six year old daughter in Burson, Cal., also four grandchildren. He was a member of the church since he was 18 year old, first of the Baptist and then of the M E church He was well known throughout Amador county, and was a stage driver at one time. Beside the relatives above named, he leaves one sister, Mrs C B Calvin, of Empire, Nev, and a brother, Wallace Harding, of Modesto, beside other relations in San Joaquin and Sacramento counties—Communicated.

If you are suffering from billious ness, constipation, indigestion, chronic headache, invest one cent in a postal card, send to Chamberlain Medicine Co., Des Moines, Iowa, with your name and address on the back, and they will forward you a free sample of Chamberlain's stomach and liver tablets. Sold by all dealers.

Mine Interests Boom

Negotiations are in progress for the bonding for mining purposes of nearly all the mining claims on the lode between the Hardenburgh and Jackson. Evidently there is big mining doings contemplated in the near future along this heretofore neglected portion of the mineral belt. There is no reason to doubt that it will respond as liberally to the judicious expenditure of capital in its development as other portions of this wonderful gold belt have done and are still doing.

Not Sorry For Blunder

"If my friends hadn't blundered in thinking I was doomed victim of consumption, I might not be alive now," writes D. T. Sanderson, of Harrodsburg, Ky., "but for years they saw every attempt to cure a lung-raking cough fail. At last I tried Dr. King's New Discovery. The effect was wonderful. It soon stopped the cough and I an now in better health than I have been for years. This wonderful life-saver is an unrivaled remedy for coughs, colds, tagrippe, asthma, croup, hemorrhages, whooping cough or weak lungs. 50c, $100. Trial bottle free. Band Concert.

The Jackson Military band will render its open air concert this week on Sunday afternoon at one o'clock. The program is an exceptionally good one, and will be a treat to all those who will be able to hear it. The program consists of the following:

1. "Fairest of the Fair," March, - - - - - J. Philip Sousa
2. "Schottische," from, "The Spring Chicken," - Richard Carle
3. "Love's Secret," Morcean Char, - - - - - - F. H. Losey
4. "Wedding of the Winds," Waltz, - - - - - - John T. Hall
5. "Sweetmeats," Rag, - - - - - Percy Wenrich
6. "Holy City," - Stephen Adams Bartione Solo, - Gus Laverone
7. "Woodlands," Select, - - - - - Gustav Luders
8. "Stars and Stripes," March, - - - - - J. Philip Sousa

The open air concerts throughout the winter season will be held on Sunday afternoon, owing to the chilled condition of the evening weather.

The band is increasing both in membership and efficiency, and the city may well feel proud of the present standing of the organization.

Money to be Refunded

An error was made by the ticket seller at the show given last Saturday evening, by charging the children 35 cents instead of the price advertized for children's admission, which was 25 cents. This error was caused by the fact that 35 tickets had been put in a pack to be sold as 25 cent tickets, the manager wrote the figures 35 on the top ticket, to inform the ticket seller of the number in the pack, thinking of course that the ticket seller knew the prices to charge. The ticket seller, however, took the figures 35 which were written on the pack as meaning 35 cents, and charged that price, and as a result many youngsters who presented their two bits for admission were denied a ticket, and went away shedding tears over their turn down. Zehp Dal Porto, who managed the show, asks us to inform all those who paid the extra ten cents to call on him, and the money will be cheerfully refunded.

Following is an account of the receipts and expenses of the show as given by the manager, Zeph Dal Porto. The gate receipts amounted to $192.95 and the expenses incurred in staging the play amounted to 118.80, leaving a total of $74.15 as a fund for the band.

SANTA CLAUS IN JACKSON

Brings Loads of Presents to Merchants in Our City

Jackson merchants are preparing to supply the many whims and fancies that catch the holiday shoppers, and as a result, the freight teams are kept busy delivering large cases of merchandise to the various places of business in this city. Never before in the history of the city has such a vast amount of articles reached the town at this season of the year.

The stores are fairly packed with every conceivable article necessary in making the Christmas season an easy one for the purchaser, both from a selection point of view and for reasonable prices.

Dornan has specials in ladies' corsets and collarettes that cannot be excelled anywhere either in price or style.

Schroeder has a large order of fruits and groceries on the way, and a large stock just received that will accomodate the rush when it is in full swing.

The Jackson furniture store's business has grown at an amazing rate, and this season's sale is expected to excel all previous years.

Vela & Piccardo have about as fine a class of novelties and toys as can be found in any of the larger city stores, and prices are amazingly low.

McGary's Christmas rush is on already, and new stock arriving every night. This store can certainly boast of a shrewd business manager, who knows how to select stock that is wanted in a community of this kind, and as a result, nothing is ever found back of the counters listed as left over.

The Elko cigar business has its share of the season's trade, and the manager, M. P. Silva, is compelled to work over time in order to fill his orders.

Ginocchio brothers have laid in an extra stock of furniture and general merchandise and will be able to furnish their customers with anything needed in their line.

A. Basso's harness trade, while not catering to a special holiday season, is growing rapidly and the stock he carries will enable the most exact purchaser to be satisfied with his purchase. New bridles and saddle and harness of all kinds at lowest rates.

Peter Cassinelli has prepared for his end of the trade. A large supply of general groceries has been received and everything needed to complete a good feast can be purchased here, prompt delivery is given all phone orders.

Vogeli's jewelry store is about one of the busiest stores in town at present. His presents are marvels of beauty, everything carried in a modern jewelry store can be found here. Rings, silverware, and jewelry of every discription.

E Marre and brothers wholesale dealers in wines, liquors and cigars, have also done their share of helping supply this city with good cheer and happiness on the best day of the year. Special prices and special brands are a bigl feature of this popular house on the Christmas season.

The Red Front, Jackson's one price store, will surprise all who venture inside its crowded quarters, which are just literally packed with articles necessary in making life comfortable and worth living. Children's supplies of all kinds, and the grown folks can get suitable presents for their sweethearts or friends, from shoes to hats and at prices that cannot be touched at many city stores.

Acme candy store has also prepared for the rush and will be able to supply from now on up until Christmas, any kind of sweets that are healthy and wholesome for the children.

A. Dal Porto at the Amador bakery, will be about one of the busiest storekeepers from now on. His baking is well liked and commented upon by all who try his bread.

Jackson brewery's phone in No. 21 Main, and a call will supply you with the best beer sold in the county. Don't forget your Christmas order.

The National Billiard Paror will have a strong rush during this season. The place is frequented each night by the best citizens in Jackson, and many happy hours whiled away.

Myer's dry goods store, "a favorite resort for the particular woman," will have its usual holiday stock to select from. The genial manager is always glad to welcome a new customer, and sure to satisfy all who deal with him.

Weller's hardware store has Christmas presents for the house-wife that would bring out a "thank you," a mile long, and leave a cheer for the rest of the year. Just go into that place and see for yourself what this Jackson store does carry in stock.

Palmer's studio has facilities that will enable you to secure the best photographs obtainable at lowest rates charged and nothing nicer or more appreciable could be given to anyone, than a good photograph of yourself.

Tam's gent's furnishing house is a blessing to all men in this county. It is an exclusive gents' furnishing house, and carries a stock that is strictly up-to-date and a stock that is always reliable. The season has just begun here and will be a record one for the firm.

The National hotel has arranged for a sumptuous spread on Christmas, and it would be a treat to any tired wife to take her to that famous hostelry and give her a big wholesome meal instead of making her cook.

If you wish to give a good clock or watch for a present, it would pay you to visit Langhorst s jewelry store. The proprietor has many years of experience in the business, and will give you face value in anything you purchase.

Fresh meats will be a big feature of the coming season, and the City meat market will be able to fully meet the demand.

We might say for the benefit of any young people who are betrothed that Cupid's retreat at the Globe hotel, is one of the finest spots in the state to spend a honeymoon, so come here and try it. This hotel has a record that can't be beaten, and deserves the record because of its excellent accommodations.

Queen Esther Chapter Installs Officers.

Queen Esther Chapter, No. 71, O. E. S. of Sutter Creek, installed its officers last Saturday evening, November, 26. About fourteen of the Stars of Golden Star Chapter went over to visit and see the work exemplified. A large crowd assembled in the hall, and a turkey supper was served.

Mrs Janette Lehmann, the retiring matron, was the installing officer, and though a little nervous, she went frankly on to the end.

At the close of her remarks, Mrs Frances Martin, D. D. G. M. presented her with a past matron's pin, after which Mrs Amelia Reeves handed her a magnificent bouquet of carnations, the gift of her daughter, Minnie Pruitt D. D. S. of Oakland, California. This came as a total surprise to Mrs Lehmann, and was all the more pleasing to her.

The marshal, Mrs Maud Phipps, did her work in a very creditable manner, and the evening was a most pleasing event, as all "Queen Esther's" always are.

The officers installed are as follows: Mrs V. W. Norton, worthy matron; V. W. Norton, worthy paron: Mrs E. C. Down, associate matron; Mrs E. Groves, conductress Miss K. Werner, associate con: Mrs J. Lithgow, secretary; Miss Etta Post, treasurer; Mrs Francis Martin, warden; Henry Lehmann, sentinel; Mrs S. Redpath, Adah; Mrs Viola James, Ruth; Mrs E. Jones, Esther; Mrs E. Tohman, Martha; Mrs Amelia Reeves, Electa; Mrs Edna Norton, chaplain: Mrs Janette Lehmann, marshal: Miss Martha Brown, organist.

Mrs Wm. McGee acted as organist for the evening.

HOW TO DODGE A HOLDUP.

First Be on the Alert, Says a Detective In Chicago.

What is the best thing to do in case you are held up?

"I would bet almost anything I have that if the citizen who is held up should yell 'Police!' or 'Murder!' the holdup man would run away every time," is the opinion of Detective Captain Wood of Chicago.

"The chief trouble is that people are not on the alert. I always take the outside of the sidewalk when out after dark. Then if any one should happen to be lurking in a dark passageway I have a good chance to see him in time to be on my guard. If I saw two men come toward me late at night and they separate I would get on the outside of the walk. If they inquire the time of me I would not give it to them, as this is likely to be merely a ruse to snatch your watch.

"My advice is, 'When out at night keep on the outside of the sidewalk, keep on the alert, and if attacked make an outcry.'

"What is the best thing to do in case you are held up? That depends upon the conditions that enter into the matter, the weapon carried by the holdup man, for instance," said Assistant Chief Schuettler. "Some might have a revolver and some a piece of lead pipe. If your assailant is determined looking and has a good sized revolver it is best to surrender.

"If the man held up is of more than ordinary strength and confidence he may sometimes knock his assailant's gun out of his hand and get the better of him. If the proper degree of care is taken a holdup may sometimes be avoided altogether. If a man follows you at night and stops when you stop or walks opposite to you on the other side of the street it is likely that he is a holdup man. The best thing to do in that case is to get among other people or board a car or run into a nearby house."

CARE OF KID GLOVES.

How to Mend Them and Keep Them From Stiffening.

If when kid gloves are worn the hands become very hot and cause the gloves to stiffen and shrink, French chalk will prove a good remedy. The gloves should be put on and the tips of the fingers dipped in French chalk and rubbed gently one against the other, then finally rubbed with a soft duster. A little French chalk should also be put in each finger.

It is a good plan when wearing rings under gloves to turn them with the stones toward the palm of the hand. This not only prevents marks, but is more comfortable than when the rings are worn the right way up.

Kid gloves should be removed by turning them over the hand and afterward turned right side out, blown into, the creases smoothed out and finally put away in a glove box.

Nothing looks more untidy than to see any one wearing a pair of gloves with the finger tips protruding or the seams burst. So if you spy even a tiny hole mend it without delay and with fine cotton the same color as the kid. Never use silk, as it cuts. Don't break off the cotton, but cut it, or you will draw the stitches too tightly together and make the seam uneven.

When the finger seam is split insert a finger into the glove and draw the edges together so that they just meet and no more. A ridge spoils the look of the gloves and feels uncomfortable.

How to Preserve Leather Furniture.

Leather furniture needs constant and intelligent care to keep it from drying out and tearing into shreds or turning to powder. In the first place, don't be afraid to apply a little soap and water to it to wash off the dust and dirt. Use soapy water, a sponge and a paint brush to get into the folds of the leather and the crevices. The soapy water will darken the leather, but only temporarily. When the leather is dry here is a preparation that will do it good. It's simple—just one part sweet oil and four parts benzine. The oil will darken the leather a little, but it will soon dry in and leave it the original color. The surplus oil may be removed by rubbing. Rub into the grain of the leather. This treatment four times a year will preserve both the life and the elasticity of your leather furniture covering.

How to Keep an Iris Bed Sightly.

If you have a bed of iris that is a blot on your garden, while the withered stalks are laying up a store of nutriment for next year's bloom, it is well to plant something in between the plants that will make them look less unsightly.

In between the iris plants the seed of mignonette can be sown about the middle of April, and begonia superflorens can also be used. These plants take less nutriment from the soil than taller growing plants, as their root growth is shallow. They also do well in the partial shade that is needed for iris.

How to Clean Plaster.

When plaster casts become soiled with either dust or finger marks make a creamy solution of dry starch and cold water and apply it with a soft brush, carefully wetting all crevices and depressions. Set the cast aside to dry, then remove the starch with a stiff brush, and it will look as if fresh from the studio.—Harper's Bazar.

How to Clean Glass Water Bottles.

To clean glass water bottles cut up a large potato fine and put it in the bottle with some warm water and shake it rapidly until it is clean. Some use shot and soda, but potato is even more effectual.

Winter Schedule On

A change in the schedule of the Volcano stage went into effect last Sunday, and the mail for the eastern section of the county will leave Jackson during the winter months at 7:00 a. m. The stage returns to Jackson at 5 p. m. from Volcano and Pine Grove.

Saved from Awful Death

How an appalling calamity in his family was prevented is told by A. U. McDonald, of Fayetteville, N. C. R. F. D. No. 8. "My sister had consumption," he writes, "she was very thin and pale, had no appetite and seemed to grow weaker every day, as all remedies failed, till Dr. King's New Discovery was tried, and so completely cured her, that she has not been troubled with a cough since. Its the best medicine I ever saw or heard of." For coughs, colds, la grippe, asthma, croup, hemorrhage—all bronchial troubles, it has no equal, 50c, $1.00. Trial bottle free. Guaranteed by Spagnoli's drug store.

Trinity Church Social

The ladies guild of Trinity Episcopal church, Sutter Creek, held a bazaar in Levaggi's hall in that town on Tuesday night for the benefit of the church.

Rev. Shea, the rector and his wife, attended the affair and were highly pleased with the outcome. A turkey supper was served for 50 cents, and was well patronized. Fancy goods and dainties were also sold netting a very substantial profit.

Hand Is Injured

James Harris, employed at the Zeila mill received a severe laceration of the hand last Sunday. While using a wrench to screw up a nut, the wrench slipped throwing his hand against some of the iron work. His injuries compelled a lay off for three days. He was able to resume work Tuesday afternoon.

End's Winter's Troubles

To many, winter is a season of trouble. The frost bitten toes and fingers, chapped hands and lips, chilblains, cold sores, red and rough skin, prove this. But such troubles fly before Bucklen's Arnica salve. A trial convinces. Greatest healer of burns, boils, piles, cuts, sores, eczema and sprains. Only 25c at Spagnoli's drug store.

Want Stores Closed All Day on Sunday

A movement is on foot in this city to have all merchants close their place of business on Sunday. The groceryman and drygoods merchants at the present time only keep open during Sunday forenoon, but the new petition requests that all stores be kept closed the entire day.

Wants to Help Someone.

For thirty years J. F. Boyer, of Fertile, Mo., needed help and couldn't find it. That's why he wants to help some one now. Suffering so long himself he feels for all distress from backache, nervousness, loss of appetite, lassitude and kidney disorders. He shows that electric bitters works wonders for such troubles. "Five bottles," he writes, "wholly cured me and now I am well and hearty." It's also positively guaranteed for liver trouble, dyspepsia, blood disorders, female complaints and malaria. Try them. 50c at Spagnoli's drug store.

Order to Show Cause Why Order Of Sale of Real Estate Should Not be Made.

In the superior court of the county of Amador, state of California.

In the matter of the persons and estates of Elvie H. Troyan, Hilda J. Troyan, and John G. H. Troyan, minors.

It appearing to this court from the petition this day presented and filed by Amanda Emma Troyan, the guardian of the persons and estates of, Elvie H. Troyan, Hilda J. Troyan, and John G. H. Troyan, minors, praying for an order of sale of certain real estate belonging to said wards, and that it is for the best interests of said wards, and necessary that such real estate should be sold;

It is hereby ordered that the next of kin of said wards, and all persons interested in the said estate, appear before this court on Saturday, the 12th day of November, 1910, at 10 o'clock a. m., at the court room of this court, in the city of Jackson, county of Amador, state of California, then and there to show cause why an order should not be granted for the sale of such estate.

And it is further ordered that a copy of this order be published at least once a week for three successive weeks before the day of hearing, in the Amador Ledger, a newspaper printed and published in said county of Amador.

Dated October 11, 1910.

Big Timber Deal

Louis Miller, formerly of Volcano, but now of Livingstone, Merced county, was in Jackson last Sunday. He came for the purpose of arranging for the sale of some timber land in the mountains above Volcano to the Ruggles combination which has secured nearly all the timber lands in the upper country. The sale was effected, and he returned to his home in Merced early in the week. Ewdard Record, representing the capitalists who are after the timber, was here to consumate the deal of this tract.

E. C. Hudley, who has been working around the mines of this county for several years, is about to leave on a visit to his old home in Alabama, where his parents are still living. He has latterly been employed at the Fremont mine and left last week with the object of going east. He expects to return, however, in a few months.

Deafness Can not be Cured

by local applications as they cannot reach the diseased portion of the ear There is only one way to cure deafness and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars or any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Dog a Railroader

One of the trainmen on the Sugar Pine railroad has a dog that is a thorough railroader. He knows all of the engine signals and when his master whistles them he will "go ahead," "back up," "duck for a low bridge" and do many other stunts. Lately he has made several trips to Jamestown when the train came down for gravel. A few days ago when a sting of flats had been loaded with gravel down in Woods creek and were being taken away, the dog jumped on the rear flat and started to walk towards the engine. About the time the dog reached the head flat the train was at the depot. When the dog jumped to the ground it was noticed that he limped. His master examined the dog's foot and in one of the front paws, tightly wedged between the toes, was found a $5 nugget which the dog had picked up on his way over the loads of gravel. Now every time that dog limps some railroader carefully examines its feet. —Jamestown Magnet.

A sprained ankle will usually disable the injured person for three or four weeks. This is due to lack of proper treatment. When Chamberlain's liniment is applied a cure may be effected in three or four days. This liniment is one of the best and most remarkable preparations in use. Sold by all dealers.

Pretty Home Wedding

One of the prettiest home weddings of the season was that at the beautiful residence of Mr and Mrs M. W. Shidy, north of town, their son, Leland Shidy, being untied in marriage to Miss Alma P. Sibole, Rev. F. M. Washburn officiating. None but relatives and Rev. and Mrs Washburn were present. The decorations were beautiful and unique, the reception room being hung with grapevines with the foliage and clusters of fruit. The dining room was a complete bower of graceful pepper tree foliage, interspersed with baskets of yellow and white chrysanthemums, while in the parlor where the ceremony occurred, the wall and lace-draped windows were festooned with garlands of smilax and tiny baskets of pink and golden roses. The bride is a young lady who has made her home with Mrs Shidy for some time, and has gained many friends in this community. The groom has resided for many years in this vicinity and is well known. After a bountiful repast the young couple departed in an automobile, accompanied by a bevy of girls and a shower of rice, to take the train north for a two week's honeymoon, after which they will return to reside with the parents of the groom.—Stockton Mail. The bride was raised in Ione, by Mr and Mrs J. W. Sibole, sen.

The fire in the Angels Quartz mine is reported to be practically out. Work on the mine is being resumed through the Crystal shaft. The danger of the fire spreading to adjoining mines is thought to be over.—Prospect,

Dan Donovan, an old man living near the Leota ranch was found dead a couple of weeks ago. The old man died while digging up a gopher hole. His death presumably was from heart disease, for when his body was found by one of his neighbors, the man had been dead several days and all indications pointed to a painless death for there had been no struggle to indicate otherwise.—Prospect.

There is a very good prospect that the State Fruit Canners Association will transfer their box factories, now located at Klamath Falls, to El Dorado county. A representative of the company was here last week, and two sites were inspected which are available for such a purpose, one near Placerville on the east, and one at Diamond Springs. The reason for the proposed transfers is that the stumpage and freight rates are excessive in the northern country. C. F. Wood is in San Francisco this week, and after taking the matter up with some of the directors of the association, he will probably have something of interest to give our readers, as he is out to boost El Dorado county.--Mt. Democrat.

In the Appellate court of the third district court of appeals, a decision was given Wednesday of this week, by which the application of the Lightner Mining company for a writ of prohibition, to restrain Judge A. I. McSorley from hearing a case now pending in this court was denied. The suit referred to that of Jas. V. Coleman vs. the Lightner Mining Co,. for trespass in taking rock from ground claimed by the Angels quartz mine. As certain questions relating to the ground in dispute, are now pending in the U. S. Land office, the Lightner sought an order prohibiting the trial of the case in the superior court till the land department had given its decision. The case will now go to trial on the merits of the case.—Prospect.

The greatest danger from influenza is of its resulting in pneumona. This can be obviated by using Chamberlain's cough remedy, as it not only cures influenza, but counteracts any tendency of the disease towards pneumonia. Sold by all dealers.

Spends Honeymoon In Reform School.

San Diego, November 26.—Harold Melous, alias Guy Metzler, who eloped with and married Miss Anna Scott of Santa Barbara a few weeks ago, was committed to the state reform school at Ione by the superior court of this county this morning.

Meloush was tried on charges of forging the name of a wealthy San Diegan, Horace B. Day, to two checks aggregating $150. At the time of his arrest he said he was but 17 years of age, and upon verification of this he was committed to the reform school until he reached the age of 21.

His young wife went to Santa Barbara with her sister.

NO REASON FOR IT

When Jackson Citizens Show the Certain Way Out

There can be no just reason why any reader of this will continue to suffer the tortures of an aching back, the annoyance of urinary disorders, the dangers of diabetes of any kidney ills when relief is so near at hand and the most positive proof given that they can be cured. Read what a Jackson citizen says:

Mrs Thomas Coombs, 173 Main street, Jackson, Cal., says: "Last summer I had a great deal of trouble from my back and kidneys and nothing helped me until I used Doan's Kidney Pills. My back ached constantly and I always felt tired and worn out. There were puffy spots beneath my eyes, and swelling was noticeable in other parts of my body. I had taken Doan's Kidney pills while living in Central City three years previous and remembering how beneficial that had been, I again procured a supply. In a short time they drove away the dull, heavy ache in my back and restored my kidneys to a normal condition. I cannot speak too highly in praise of Doan's Kidney Pills."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Don't think that piles can't be cured. Thousands of obstinate cases have been cured by Doan's Ointment. 50 cents at any drug store.

What Ails You?

Do you feel weak, tired, despondent, have frequent headaches, coated tongue, bitter or bad taste in morning, "heart-burn," belching of gas, acid risings in throat after eating, stomach gnaw or burn, foul breath, dizzy spells, poor or variable appetite, nausea at times and kindred symptoms?

If you have any considerable number of the above symptoms you are suffering from biliousness, torpid liver with indigestion, or dyspepsia. Dr. Pierce's Golden Medical Discovery is made up of the most valuable medicinal principles known to medical science for the permanent cure of such abnormal conditions. It is a most efficient liver invigorator, stomach tonic, bowel regulator and nerve strengthener.

The "Golden Medical Discovery" is not a patent medicine or secret nostrum, a full list of its ingredients being printed on its bottle-wrapper and attested under oath. A glance at these will show that it contains no alcohol, or harmful habit-forming drugs. It is a fluid extract made with pure, triple-refined glycerine, of proper strength, from the roots of native American medical, forest plants. Forest Revenue On Upgrade.

For the fiscal year ended June 30 last, the United States department of agriculture announces, the 25 per cent of national forest revenue which will go to the states for road and school purposes amounted to $506,194.84. This was $67,492.03 more than last year, or an increase of a little over 15 per cent. The payments are an offset to the loss of income from taxable property sustained through withdrawal of the forest land from entry under the public land laws.

The amounts which will go to the various states are as follows: Arizona $51,220.38, Arkansas $2,904.44, California $60,752.91, Colorado $50,306.19, Florida $706.38, Idaho $66,74.55, Kansas $1,004.67, Minnesota $457 37, Montana $83,678.38, Nebraska $2,820.25, Nevada $16,314.33, New Mexico $28,529.53, Nortb Dakota $63.64. Oklahoma $626.10, Oregon $39,635.87, South Dakota $9,808.93, Utah $32,905.49, Washington $23,671.89, Wyoming $34,704.54

Noteworthy is the especially heavy increase over the amounts last year in certain states. In California the amount rose by over 25 per cent, in Idaho by over 35 per cent and in Oregon by nearly 50 per cent. The increases are the result of increased activity in National forest timber sales in these states and are an earnest of what will happen as the timber supply which the government is caring for comes into full demand. Since the cut of timber will always be limited to what the forests will keep on growing, the income to the states will be permanent, not transitory, as would have been the case if hasty and improvident exploration had been permitted.

According to the calculations of the department of agriculture officials the states will eventually receive many times what the forests are now yielding them, for there is as yet on the whole only a very restricted demand for the government's timber.

Wedding Announcement

Wedding announcements of Miss Florence Winnie Dufrene and Julius M. Perano, to be celebrated on the 14th of this month, have been sent out this week. Miss Dufrene is the daughter of Mr and Mrs Wm. D. Dufrene of Newmanville. For several years she has been employed as an assistant in the Jackson postoffice, where by her courteous and obliging disposition, she won the respect and admiration of a large circle of friends. She has recently resigned from that position.

Mr Perano is the son of Mr and Mrs Nicholas Perano, who reside on a ranch near Jackson Gate. He is employed at the Kennedy mine, and is very popular and highly respected by all who know him.

A comfortable home has been fitted up at 46 North Main street, into which the betrothed pair expect to move, on their return from a long wedding trip, which has also been fully arranged for.

Miss Eva Perano will act as bridesmaid, and Joseph Raggio as best man.

Croup is most prevalent during the dry cold weather of the early winter months. Parents of young children should be prepared for it. All that is needed is a bottle of Chamberlain's cough remedy. Many mothers are never without it in their homes and it has never disappointed them. Sold by all dealers.

Jackson Needs a Live Representative in the Mail's Voting Contest

W. O. Green - - - -	1000
J. H. Langhorst - - -	1000
Archie S. Moore - -	1000
Rev. J. E. Shea - - -	1000
Dr. C. W. Schacht - - -	1000

These are people nominated as candidates in the mammoth $10,000 gift giving growth campaign being conducted by the Stockton Evening Mail. The first capital prize in the Mail's contest is a five acre home near Linden. Five acres of choice land were purchased by the publishing company and a modern five room bungalow will be erected. Other awards offered by the Mail are three pianos, an exquisite dining room set, a double trip to Alaksa, the Mail paying all traveling expenses of the contestant winning this award and whoever he or she may choose as a traveling companion; diamonds and jewelry costing $500, sporting goods, men's furnishings, women's apparel, electricial novelties, millinery and many other useful awards totaling an expendture of $10,000.

The Mail affords every energetic person of this city and opportunity to win one or more of these magnificent and costly awards for in this contest energy counts. A letter mailed today to the Mail's contest department will bring all details on the morrow to those who wish to be enlightened in the contest subject.

Never before in the history of any California newspaper has a five acre home been given to contestants in a growth campaign. This award and each of the other prizes on the list are well worth striving for. It will be noticed representatives of this city have not shown any rates more than the nomination thousand given everyone upon being nominated. Get busy, someone, and put Jackson in the lead.

Broadway Becoming A Pretty Street

Broadway has been given another beauty spot at the property owned by Wm. Harvey. Mr Harvey is foreman at the Zeila mine, and takes a great interest in the affairs of this city. He is not satisfied with the condition of that section of the city, and says he will endeavor to have a cement sidewalk laid along that side of the street from the Marre property clear to the bridge. The move is a very commendable one, and deserves cooperation by every one who cares to see that section of the city improved.

The Harvey home has been completely remodeled, both the exterior and interior and the large lawn sloped gently into the adjoining lawn owned by Harvey Clark. A cement walk has been constructed along the edge of the property at the sidewalk.
